MUHAMMAD KASHIF

WEB DEVELOPER

PROFILE

I am a web developer with 2 years of professional experience, skilled in creating responsive and user-friendly websites. I have worked with platforms like WordPress, Shopify, Webflow, and Wix, and have hands-on experience with HTML, CSS, JavaScript, Bootstrap, and jQuery. I focus on building websites that are fast, clean, and easy to manage.

WORK EXPERIENCE

InterSys Ltd.

Associate Executive - Web Development

2024 - PRESENT

- Developed pixel-perfect, fully responsive websites using WordPress, Shopify, and Wix, tailored to client-specific needs across various industries.
- Designed and implemented clean, user-friendly UI layouts with HTML, CSS, and Bootstrap, following mobile-first and responsive design principles.
- Customized themes and plugins in WordPress and Shopify to extend functionality and align with branding guidelines.
- Ensured cross-browser compatibility and performed site speed optimization for enhanced performance and user experience.

Logic Saint

Jr Wordpress Developer

2023 - 2024

- Designed and developed responsive websites using Webflow, Wix, and WordPress, ensuring optimal performance across all devices.
- Built custom web pages using HTML, CSS, and Bootstrap, focusing on clean code and modern UI/UX practices.
- Customized templates and themes in WordPress and Wix to meet client requirements and branding guidelines.
- Utilized Webflow's CMS and animations to create visually engaging and dynamic websites.
- Ensured cross-browser compatibility and mobile responsiveness through extensive testing and optimization.
- Collaborated with clients to gather requirements and deliver tailored web solutions with fast turnaround times.
